

Our Barn Boards are prefinished on all 6 sides but if a customer cuts the board they are able to match the end cuts (or light scratches) by getting these specific custom tinted water- based MINWAX stains below and lightly applying 1-2 coats to get desired effect.

Note as natural wood has both light and dark variations you will see variation in end match color.

WEATHERED GREY RUSTIC ACCENT COLOR – (model # 61807) - MINWAX STAIN – CLEAR TINT BASE 858ML and tint to this exact formula below:
